[Redacted]

Dear Mr. Ford:

STAT

On behalf of the members of the Archeology Society of Maryland, who live in the Washington area, I would like to apply for recognition as the Washington Area Chapter of the Society.

I believe that we can fulfill the minimum requirements for such a Chapter as set forth in the constitution. We will pursue policies in accordance with those of the Society and I believe that we will be able to make a useful contribution archeology in the State of Maryland.

Sincerely yours,

William A. Tidwell
